# The Private Collection

OF,

MR. GEO. M. VANDERLIP.

---

MR. R. SOMERVILLE has the honor to announce that he has been engaged to offer at auction the Private Collection of Valuable Paintings belonging to MR. GEO. M. VANDERLIP, of this city. For many years the works of art gathered by this gentleman have been known to our collectors as very choice examples by the best American Artists; his intimate personal relations with them, made their efforts a labor of love on their part, and many of the subjects thus produced have not since been surpassed. Collected during the past fifteen years, embracing a period of great progress in the creation and appreciation of works of art in this country, these paintings have in this manner a historical value: through the liberality of the owner they have been freely loaned to various exhibitions from time to time, and thus the public will now recognize many an old favorite. The majority of them are of cabinet size, and of elaborate finish, and include specimens by nearly all of our leading artists. There are also a few excellent works by artists of foreign schools, one of which is regarded as a very remarkable work of art. The Paintings are in good order; and have been newly framed, and they will be offered under the supervision of MR. SAM. P. AVERY, who has been familiar with them during their formation, and whose name is a sufficient guarantee that nothing will be offered which is not *bona-fide* the property of MR. VANDERLIP, and that they will be absolutely sold.

The exhibition will be open on Monday morning, April 29, at the Somerville Art Gallery, 82 Fifth Avenue, corner of Fourteenth Street, and will be sold on Tuesday and Wednesday evenings, May 7th and 8th.
